

Information on Programmes and Courses delivered in Foreign Languages /

Інформація щодо викладання іноземними мовами освітніх програм та навчальних дисциплін*

1.	Erasmus+ PartnerCountry / Країна-партнер Програми Еразмус+	Ukraine / Україна		
2.	Higher Education Institution / Назва вищого навчального закладу	LIVIV POLYTECHNIC NATIONAL UNIVERSITY		
3.	Does your HEI deliver study programmes / courses in English or any other foreign language? / Чи викладаються у Вашому закладі освітні програми / навчальні дисципліни англійською чи іншою іноземною мовою? <i>(If YES please fill in the fields below) / (Якщо «ТАК», вкажіть інформацію нижче)</i>			YES
	Study Programme title / Назва освітньої програми	Course title / Назва навч.дисципліни	Field of study / Галузь знань	Language of Teaching / Мова викладання
	1. Bachelor/Master of Design	1.1. History of Architecture	Architecture	English, Polish, Russian
	Bachelor/Master of Design	1.2. History of Art	Architecture	English, Polish, Russian
	Bachelor/Master of Design	1.3. Architectural Graphics	Architecture	English, Polish, Russian
	Bachelor/Master of Design	1.4. Architectural Composition	Architecture	English, Polish, Russian
	Bachelor/Master of Design	1.5. Architectural Design	Architecture	English, Polish, Russian
	Bachelor/Master of Design	1.6. Diploma design	Art	English, Polish, Russian
	2. Bachelor/Master of Building and civil engineering	2.1. Energy - and resource saving technologies in construction	Civil Engineering	English
	Bachelor/Master of Building and civil engineering	2.2. Construction materials technology	Civil Engineering	English
	3. Bachelor/Master of Geodesy and land management	3.1. Photogrammetry and distance probing	Geodesy and reallocation of land	English, Polish, German
	Bachelor/Master of Geodesy and land management	3.2. Geoinformation systems and data bases	Geodesy and reallocation of land	English, German
	Bachelor/Master of Geodesy and land management	3.3. Aerospace survey systems	Geodesy and reallocation of land	English, Polish
	Bachelor/Master of Geodesy and land management	3.4. Applied photogrammetry	Geodesy and reallocation of land	Polish

	Bachelor/Master of Geodesy and land management	3.5. The technology of laser scanning	Geodesy and reallocation of land	English, Polish
	Bachelor/Master of Geodesy and land management	3.6. Interpretation and processing of aerospace images	Geodesy and reallocation of land	English
	Bachelor/Master of Geodesy and land management	3.7. Digital processing of aerospace images	Geodesy	English
		3.8. Geodesy	Geodesy	English
	Bachelor/Master of Geodesy and land management	3.9. Modern methods of engineering-geodetic observations processing	Geodesy	English
	Bachelor/Master of Geodesy and land management	3.10. Engineering geodesy	Geodesy	English
	Bachelor/Master of Geodesy and land management	3.11. Engineering geodesy in the management of natural resources	Geodesy	English
	Bachelor/Master of Geodesy and land management	3.12. Engineering geodesy and analysis of the networks projects	Geodesy	English
	Bachelor/Master of Geodesy and land management	3.13. Topography	Geodesy	English
	Bachelor/Master of Geodesy and land management	3.14. Electronic surveying instruments	Geodesy	English
	Bachelor/Master of Geodesy and land management	3.15. Tourist topography	Geodesy	English
	4. Bachelor/Master of International relations, social communication and regional studies	4.1. Political Science	Social and behavioral science (specialty "International relations, public communications and regional studies")	English
	Bachelor/Master of International relations, social communication and regional studies	4.2. Diplomacy of Ukraine	Social and behavioral science (specialty "International relations, public communications and regional studies")	English

Bachelor/Master of International relations, social communication and regional studies	4.3. Introduction to International relations	Social and behavioral science (specialty "International relations, public communications and regional studies")	English
Bachelor/Master of International relations, social communication and regional studies	4.4. Regional policy and integration	Social and behavioral science (specialty "International relations, public communications and regional studies")	English
Bachelor/Master of International relations, social communication and regional studies	4.5. Diplomatic and Consular Service	Social and behavioral science (specialty "International relations, public communications and regional studies")	English
Bachelor/Master of International relations, social communication and regional studies	4.6. Topical Issues of International Relations in Africa and Latin America	Social and behavioral science (specialty "International relations, public communications and regional studies")	English
Bachelor/Master of International relations, social communication and regional studies	4.7. Nationalism in world politics	Social and behavioral science (specialty "International relations, public communications and regional studies")	English
4.1. Bachelor/Master of Sociology	4.8. Sociology	Social and behavioral science, Sociology	English
4.2. Bachelor/Master of Social work	4.9. Transcultural aspects in social work (Spiritual values and ethics)	Social work	English
Bachelor/Master of Social work	4.10. Management in social work	Social work	English
Bachelor/Master of Social work	4.11. Examination of practical social work	Social work	English
Bachelor/Master of Social work	4.12. Professional support (supervision) in social work	Social work	English

	Bachelor/Master of Social work	4.13. Theories and methods of social work	Social work	English
	Bachelor/Master of Social work	4.14. Philosophy		English
	Bachelor/Master of Automation and computer- integrated technologies	5.1. Microprocessor and Programmable Devices for Automation	Automation and instrument engineering	English
	Bachelor/Master of Automation and computer- integrated technologies	5.2. Basics of CAD	Automation and instrument engineering	English
	Bachelor/Master of Automation and computer- integrated technologies	5.3. Metrology, technological measurements and instruments	Automation and instrument engineering	English
	Bachelor/Master of Electrical energetics, electrical engineering and electromechanics	5.4. Electrotechnics	Technical courses	English
	Bachelor/Master of Thermal power engineering	5.5. Theoretical fundamentals of thermotechnics, Fundamentals of Engineering .Thermodynamics	Electrical engineering	English
	Bachelor/Master of Applied mechanics	6.1. Descriptive geometry, engineering and computer graphics	Mechanical engineering	English
	Bachelor/Master of Applied mechanics	6.2. Theoretical mechanics	Mechanical engineering	English
	Bachelor/Master of Industrial machinery engineering	6.3. Theory of machines and mechanisms	Mechanical engineering	English
		6.4. Stength of materials	Mechanical engineering	English
	Bachelor/Master of Industrial machinery engineering	6.5. Technology of construction materials	Mechanical engineering	English
	Bachelor/Master of Materials science	6.6. Material engineering	Mechanical engineering	English
	Bachelor/Master of Industrial machinery engineering	6.7. Systems of Computer Aided Design	Mechanical engineering	English
	Bachelor/Master of Industrial machinery engineering	6.8. Electronics and microprocessor technology	Mechanical engineering	English
	Bachelor/Master of Industrial machinery engineering	6.9. Fundamentals of automation of production processes	Mechanical engineering	English
	7. Bachelor/Master of Computer sciences and information technologies	7.1. Development of data banks to solve the problems of applied linguistics	Information Technologies	English
	Bachelor/Master of Computer sciences and information technologies	7.2. Organization of data base and knowledge	Information Technologies	English

	Bachelor/Master of software engineering	7.3. Programming technologies in distributed information environments	Engineering sciences	English
	Bachelor/Master of software engineering	7.4. Software of mobile devices	Engineering sciences	English
	Bachelor/Master of software engineering	7.5. Informatics	CS and IT	English
	Bachelor/Master of software engineering	7.6. Artificial Intelligence	Informatics	English
	Bachelor/Master of philology	7.7. The English language (for professional purposes)	Humanities	English
	Bachelor/Master of philology	7.8. The modern English language	Humanities	English
	Bachelor/Master of philology	7.9. Fundamentals of cultural linguistics	Humanities	English
	Bachelor/Master of philology	7.10. Business communication in English	Humanities	English
	Bachelor/Master of philology	7.11. Theory and practice of Translation (English)	Humanities	English
	Bachelor/Master of philology	7.12. Modern German/Japanese	Humanities	German, Japanese
	Bachelor/Master of philology	7.13. Contrastive linguistics	Humanities	English
	Bachelor/Master of philology	7.14. Linguocultural aspects of German / Japanese translation	Humanities	German, Japanese
	Bachelor/Master of philology	7.15. Practice of translation (German/Japanese)	Humanities	German, Japanese
	Bachelor/Master of philology	7.16. Psycholinguistics	Humanities	English
	Bachelor/Master of philology	7.17. Terminological aspects of translation	Humanities	English
	Master of philology	7.18. Practice of translation (English)	Humanities	English
	Master of philology	7.19. Practice of translation (German/Japanese)	Humanities	German, Japanese
	Master of philology	7.20. Translation internship	Humanities	English
	Master of philology	7.21. Sociolinguistics	Humanities	English
	Master of philology	7.22. Third foreign language	Humanities	English

	Master of philology	7.23. Intercultural communication	Humanities	English
	Bachelor/Master of Computer engineering	8.1. Computer graphic of mechatronic tools	Metrology, measuring technique and information	English
	Bachelor/Master of Metrology and information measuring technology	8.2. Fundamentals of Optoelectronics of Mechatronic tools	Metrology, measuring technique and information	English
	Bachelor/Master of Computer engineering	8.3. Microcomputer components of mechatronic tools	Metrology, measuring technique and information	English
	Bachelor/Master of Computer engineering	8.4. Fundamentals of Microsystem Technologies	Metrology, measuring technique and information	English
	Bachelor/Master of Computer engineering	8.5. Intelligent mechatronic systems	Metrology, measuring technique and information	English
	Bachelor/Master of Computer engineering	8.6. Design for means of mechanical quantities measurement	Metrology, measuring technique and information	English
	Bachelor/Master of Computer engineering	8.7. Security of computer networks and cloud technologies	IT	English
	Bachelor/Master of Computer engineering	8.8. Methods and means of information security in computer networks	IT	English
	Bachelor/Master of Computer engineering	8.9. Information security in computer networks	IT	English
	Bachelor/Master of Computer engineering	8.10. Information security in information-communication systems	IT	English
	Bachelor/Master of Computer engineering	8.11. Security of wireless networks and mobile communication	IT	English
	Bachelor/Master of Computer engineering	8.12. Digital methods of signals and images processing	IT	English
	Bachelor/Master of Computer engineering	8.13. Applied data analyzis	IT	English
	Bachelor/Master of Computer	8.14. Systems and networks of data communication	IT	English

	engineering			
	Bachelor /Master of Social work	9.1. Intellectual Property	Social and behavioral science (specialty "International relations, public communications and regional studies")	English
	Bachelor /Master of Social work	9.2. Legal Basics of Information Products and Services Market	Social and behavioral science (specialty "International relations, public communications and regional studies")	English
	Bachelor /Master of Social work	9.3. Social Networks	Social and behavioral science (specialty "International relations, public communications and regional studies")	English
	Bachelor /Master of Social work	9.4. International Law	Social and behavioral science (specialty "International relations, public communications and regional studies")	English
	Bachelor/Master of Marketing	10.1. International marketing	0306 Management and administration (073 Management)	English
	Bachelor/Master of economics	10.2. Strategies of foreign economic activity	0306 Management and administration (073 Management)	English
	Bachelor/Master of economics	10.3. Basics of applied economics	1801 Specific categories (051 Economics)	English
	Bachelor/Master of economics	10.4. Management of international competitiveness of	1801 Specific categories (051	English

		industry, construction and transport enterprises	Economics)	
	Bachelor/Master of economics	10.5. Management of international competitiveness of enterprise	0305 Economics and Business(051 Economics)	English
	Bachelor/Master of Marketing	10.6. International marketing	0305 Economics and Business(051 Economics)	English
	Bachelor/Master of economics	10.7. Information technologies in economics of industry, construction and transport	1801 Specific Categories (051 Economics)	English
	Bachelor/Master of economics	10.8. International tour operations	0306 Management and Administration(073 Management)	English
	Bachelor/Master of economics	10.9. International credit-settlement and currency transactions 0306 Management and Administration(073 Management)		English
	Bachelor/Master of economics	10.10. Investment management in industry, construction and transport	1801 Specific Categories(051 Economics)	English
	Bachelor/Master/Master of Marketing	10.11. Marketing	0306 -Management and Administration	English
	Bachelor/Master of Economics	10.12. Logistics	0306 -Management and Administration	English
	Bachelor/Master of Management	10.13. Financial management	0306 -Management and Administration	English
	Bachelor/Master of Management	10.14. Strategic management of enterprise	0306 -Management and Administration	English
	Bachelor/Master of Management	10.15. Management of innovations	0306 -Management and Administration	English
	Bachelor/Master of Economics	10.16. Investment	0306 -Management and Administration	German

	Bachelor/Master of Economics	10.17. Economics of Labour and Social -Labour Relations	0306 -Management and Administrtration	German
	Bachelor/Master of Economics	10.18. Investment activity of financial establishments	0306 -Management and Administrtration	German
	Bachelor/Master of Economics	10.19. Social policy of enterprise	0306 -Management and Administrtration	French
	Bachelor/Master of Economics	10.20. Theory of economic analysis	0306 -Management and Administrtration	English
	Bachelor/Master of Accounting and taxation	10.21. Accounting and auditing	0306 -Management and Administrtration	English
	Bachelor/Master of Economics	10.22. Organization and methodology of auditing	Economics and Business	English
		10.23. Managerial accounting	Economics and Business	English
	Bachelor/Master of Accounting and taxation	10.24. Accounting	Economics and Business	English
	Bachelor/Master of Economics	10.25. Business Analyzis	Economics and Business	English
	Bachelor/Master of Economics	10.26. Tax system	Economics and Business	English
	Bachelor/Master of Economics	10.27. Accounting and financial reporting according to the International accounting standards	Economics	English
	Bachelor/Master of Economics	10.28. Microeconomics	Economics	English
	Bachelor/Master of Economics	10.29. Intellectual property	Economics and Business, Management and Administration	English
	Bachelor/Master of Economics	10.30. Microeconomics and Macroeconomics	Specific Categories	English
	Bachelor/Master of Economics	10.31. Finances of enterprises and applied statistics	Specific Categories	English
	Bachelor/Master of Management	10.32. Financial and creative management	Specific Categories	English
	Bachelor/Master of Management	10.33. International financial management	Economics and Business	English

	Bachelor/Master of Economics	10.34. International financial and venture management	Economics and Business	English
	Bachelor/Master of Economics	10.35. International strategies of economic development	Economics and Business	English
	Bachelor/Master of Economics	10.36. Company's Economics and Finance	6.030601«Management and Administration»	English
	Bachelor/Master of Management	10.37. HR-management	6.030601«Management and Administration»	English
	Bachelor/Master of Economics	10.38. Organizational Culture	6.030601«Management and Administration»	English
	Master of Public Administration	11.1. Strategic and innovative management in the sphere of financial and economic security	Management of Financial and economic Security	English
	Master of Public Administration	11.2. Personnel safety	Management of Financial and economic Security	English
	Master of Public Administration	11.3. Financial management	Management of Financial and economic Security	English
	Master of Public Administration	11.4. Theory of organization	Administrative management	English
	Master of Public Administration	11.5. Management of organization and strategic management	Administrative management	English
	Master of Public Administration	11.6. Financial management and risk of entrepreneurship	Administrative management	English
	Bachelor/Master of Telecommunications and Radio Engineering	12.1. Informatics of Telecommunication Systems and Networks , part 1	Radio engineering, radio-electronic apparatus and communication	English
	Bachelor/Master of Electronics	12.2. Systems and networks of access	Radio engineering, radio-electronic apparatus and communication	English
	Bachelor/Master of Telecommunications and Radio	12.3. System programming of infocommunications	Radio engineering, radio-electronic apparatus and communication	English

		Engineering			
5.	Responsible person for study programme(s) / Відповідальна особа за освітню програму(и)	There are many responsible representatives for each study programme . That is why we add our table with all emails and names of these people.	6.	Contact person in Foreign Relations Office / Контактна особа у відділі міжнародних зв'язків	Name / Прізвище, ім'я Oksana Ivanuyska/ Іваницька Оксана Степанівна
