## Merit Academy: Education for Excellence -USA

Merit Academy is an accelerated, non-denominational, comprehensive four-year college preparatory high school offering one-on-one classes for every student.

Merit Academy teachers bring their passion about the subjects they teach to the classroom, and are individually selected for each student to ensure that there is a good match. Each teacher provides a personalized approach to teaching each student to maximize the student's learning and success. The student's academic history, family background, learning style and personal interests are considered in each student placement. Merit Academy is located on 2 1/2 acres of rolling hills in Soquel (Santa Cruz County), California, which is 75 miles south of San Francisco, 35 miles south of Silicon Valley, and 50 miles north of Monterey. The campus is located within minutes of the beach and the University of California Santa Cruz.

While Merit's campus is both beautiful and fully equipped, we also believe that education should go beyond the classroom setting. Classes travel to sites where they learn more about the subjects they're studying, making learning interactive.

100% of Merit Academy graduations are accepted to colleges and universities nationwide, including Stanford University, Harvard University, Yale University, Johns Hopkins University, Cornell University, Brown University, Duke University, Dartmouth University, MIT, Princeton University, Claremont McKenna College, Pomona College, Scripps College, Harvey Mudd College, Pitzer College, University of Southern California, University of Pennsylvania, University of California Los Angeles, University of California Berkeley, University of California San Diego, University of California Santa Barbara, University of California Davis, University of California Santa Cruz, University of California San Francisco, University of California Irvine, University of California Riverside, Santa Clara University, Lewis and Clark University, Cal Poly, Mills College, Occidental College, Chapman University, University of San Diego, University of San Francisco, Pepperdine University, Wesleyan University, and more.

## The European School of Economics - USA

We're a private college of higher education that offers a wide array of business and finance courses in six beautiful and cosmopolitan campuses. Students can enroll in the MBA, masters, bachelors, and even mid-career certificate programs and prepare themselves for the business world of tomorrow. That's why some of our most popular programs are in marketing, finance, management, and communications, each of which take on a distinctly international focus.

Students have what's known as the "ESE Advantage." They can customize their programs by focusing on the fashion and music industries or in important fields like human resources. Not to mention the fact that they can test out their new-found knowledge in internships at more than 1,500 corporations across the globe.

The ESE is dedicated to educating the next generation of world leaders. We are a fully accredited school because of our affiliation with England's University of Buckingham, which validates the degrees we confer on our students. We also have the stamp of approval from the British Accreditation Council as well.

## Army and Navy Academy - USA

Army and Navy Academy is an internationally recognized college-preparatory military boarding school for boys, grades 7-12 that follows University of California standards and incorporates leadership training centered around its JROTC program.

Since 1910, Army and Navy Academy has sought to develop scholarship and honorable character in young men. Our cadets benefit from having a greater degree of structure, motivation and discipline in their daily routine.

One of our core competencies is the academic achievement of our students. On a regular basis, we see students improve their GPA's, often within the first semester of attendance. Small class sizes, a highly committed staff and individualized support enable students to achieve better results and improve their chances for attending a college or university of their choice.

Mandatory JROTC leadership classes emphasize teamwork, honor, self-esteem, citizenship, study habits, and time management. Band, performing arts, extracurricular clubs, and CIF and intramural sports complement the academic program.

## FLS International - USA

For international students, the key to a great experience is getting quality support from the staff and teachers at your center. From your first day at FLS International, you'll be impressed with the expertise and caring attitude of our professional staff. Our Center Directors, Housing Coordinators, teachers and other staff members all share the same goal: to make your experience at FLS memorable and educational. With 30 years of serving students, FLS has the sensitivity and experience to meet the special needs of international students. FLS Core Classes are the foundation of our English Language Programs. Made up of 9 levels, the core sequence is an integrated skills curriculum that teaches speaking, listening, reading and writing with current techniques, contemporary materials, teacher coaching and communicative activities. Our approach simulates the way you learned your native language, through the natural use of all skills together. Our core sequence takes students from a basic understanding of simple English communication all the way to the proficiency for success at an American college. FLS offers options for supportive homestays, college dormitory stay, and apartment living for the student seeking a more independent experience.

## HFS London - UK

Host Family accommodation is a high quality, competitively priced alternative to staying in a hotel or hostel. Our Homestay visitors range from individuals to groups of students studying English or professionals on internships. Homestay accommodation is not just restricted to international students or young professionals; it is suitable for anyone coming to London. By staying with a host family you will not only learn more about our culture, but also have an excellent opportunity to practise your English in an authentic environment. Our host families are experienced in welcoming international visitors into their home. They will help you settle in quickly and support you throughout your stay. English will always be the main language spoken in your Homestay. Living with a British family adds a hugely personal dimension to your visit and experience of London. Many of our guests stay in touch with their host family for a long time thereafter.

Our ethos as an organisation is to provide the highest quality Homestay service to individual guests, international agents and education providers, as well as to our own host families. We will make sure that you make the most of your experience here by placing you within a safe and warm British family environment. Our host families have been carefully selected to English UK and British Council standards. We are always happy to receive feedback and will aim to confirm Homestay bookings within two working days.

## Fisher College - USA

Fisher College first opened its doors in 1903 in the predominantly working-class city of Somerville, Massachusetts, just two miles north of Boston. In 1970, Fisher gained accreditation from the New England Association of Schools and Colleges and operates as an independent, non-profit educational institution, currently boasting a diverse population of students from all parts of America and many foreign countries.

The Division of Accelerated and Professional Studies was established in 1975 to serve the adult population of Eastern Massachusetts, with branch locations in Boston, Brockton, North Attleboro, and New Bedford. The Fisher Online division began in 1998, and currently serves students from all over the United States and around the world. In 1999, the College's first bachelor's degree – the Bachelor of Science in Management – was offered, and in 2015 the College's first master's – a Master in Business Administration – was accredited.

Athletics has been a long tradition at Fisher College. Students played basketball at the club level prior to 1998, and in July 2001, students could participate in varsity basketball (men's and women's), baseball, and softball. The men's basketball and baseball teams both won their conference championships in 2005.

## Aviation Institute of Maintenance/Centura College - USA

AIM is the world's largest training provider of FAA Aviation Maintenance Technicians, and we offer a thorough 20-month program that is focused on hands on training. AIM offers eleven FAA Certificated Aviation Maintenance Technician Schools (AMTS) within the U.S. We offer ten intakes per year, as a new class start every five weeks. We are the perfect choice for students who love working their hands, taking objects apart, and/or might not be interested in the traditional four year degree. That said, our sister-school, Centura College, does offer degrees and AIM graduates can easily transfer to Centura after completing their AIM program.

**STJOHN'S**  
MILITARY SCHOOL

## St. John's Military School, Salina, KS - USA

Forged over 129 years, the St. John's Military School brotherhood spans the globe. Young men from all walks of life, and from across the United States, Mexico, China, and Nigeria form an unbreakable bond with their classmates.

At St. John's academics are king and designed to stretch the mental abilities of each student. The average cadet improves his GPA by a full point or more after his first semester at St. John's. More than 90 percent of cadets who graduate from St. John's go on to institutions of higher learning.

This superior academic performance is a result of a low student to teacher ratio, single-sex, boy-centered education and a structured learning environment. The faculty and staff at St. John's focus on each cadet as an individual and work to develop the "whole boy."

St. John's was recently recognized by AdvancED for two "Powerful Practices." The first being a strong emphasis on engaging families in their child's education and social development; and the second being the school's commitment to ensuring each cadet is supported by at least one adult advocate. Deep ties are formed as your family becomes a part of the St. John's Family.

## Stevens Henager College - USA

Stevens Henager College has been educating motivated students from around the world for over 125 years. We develop and continually update our degree programs to meet changing job market trends. We give students real-world knowledge and skills that will prepare them to make a significant contribution from their very first day of employment.

Stevens-Henager (SHC) is one of only a few U.S. colleges to offer a valuable work-study program to international master's degree students. International Students can be authorized to participate in a Curricular Practical Training (CPT) program that relates to your major as an integral part of our established curriculum. To ensure that our master's degree students receive a dynamic education that will help them be competitive when they graduate, our campus has established many contacts with businesses and industry leaders in the Salt Lake City area.

California College San Diego (CC-SD) one of our sister institution and Stevens Henager College in Salt Lake City are authorized to admit International Students. SHC offers Bachelors and Master's programs in Business, Healthcare and Technology. CC-SD offers Bachelor's programs in Business, Healthcare and Technology.
