HEALTH**

INVITES

**to take part
in an International Scientific Conference**

«MODERN ASPECTS OF MANAGEMENT»

Date and place:

***22nd June 2017, Hotel Black Sea Rishelievskaya
Rishelievskaya Street, 59, Odessa, 65012, Ukraine***

Aims of the conference

Increasing globalisation of economy and science imposes multidirectional, non-schematic look at modern aspects of management. The management which, in a broad sense, is an art of achieving adopted results and constitutes the most important element of business activity.

The conference is aimed at presenting and analysing prior issues of contemporary management, the latest trends and management concepts, applied methods and tools as well as development prospects and directions of research for the future in suggested thematic fields.

Whereas integration of international scientific communities, popularisation of findings of the research into development of the scientific field of management and implementation of the research in business practice constitute the utilitarian aim.

The conference is addressed to representatives of the research and business community: professors, doctors, managers as well as students and persons interested in the subject of the contemporary management.

Suggested thematic areas:

1. Small and medium-sized enterprises management
2. Innovation and project management
3. HR management
4. Quality management
5. Legal aspects of management
6. Management in institutions
7. Marketing and management
8. Contemporary management theories and concepts
9. Change management
10. Knowledge management
11. Security management
12. Crisis Management
